OUR *mission*

The Butler Community Endowment Fund assists local charities working to improve the quality of life for our community. We hope families will feel a sense of comfort knowing their loved one's memory is being honored by helping area residents in need.

Our family has always considered community involvement and benevolence part the funeral home mission. We appreciate the opportunity to meet people outside this setting to create a deeper sense of familiarity. It helps people feel more comfortable with our associates when they have a need for our services.

A LEGACY OF GIVING

In 2005, we created the Butler Community Endowment Fund. In addition to formalizing our gifting process, this fund helps ensure our vision of sharing will always be a part of the organization's operating structure. This fund doesn't necessarily replace contributions made to civic organizations and other groups we currently assist. It does, however, give these groups an opportunity to request a grant through a more formal process.

MEMORIES LIVE ON

We make a contribution in memory of each person we hold ceremonies for as well as for each pet we assist at our Cremation Center. The donation is made in the respective name on behalf of the family we are serving.

Families know there are few things, if any, more difficult than saying goodbye to someone they have loved. The memory of a loved one or a pet is a precious gift that can and should be shared. This is our way of contributing to that goal.
